## MAN NOT HARD TO ANALYZE

Observation Will Enable One to Determine the Qualities Which Will Make Him Valuable.

The qualities that go to make up a man are tremendously complex and yet it is possible by close scrutiny and keen observation to analyze a man and understand him more clearly than he sees himself. There are certain cardinal mental and physical characteristics which can be determined by a visual examination made by an expert. In like manner can be determined the mainspring of the man as exemplified in what we ordinarily consider the various parts of his will, or those factors which govern his actions. The practical application of the studies taken together with his experience and history is then apparent. Knowing his various physical and mental characteristics and his experience, we know what sort of work he is able to do. Knowing his will and what might be termed spiritual characteristics, we know what he will do, provided surrounding circumstances permit. With this in mind we would place each one of our present or new employees at such work as he is best able to do, and we see that this is not necessarily that which he has always done, although in general it does have a more or less close relation with that.—Industrial Management.

## FAMOUS ACTS FOR FAIR HIPPODROME

The great \$150,000 Pavilion at the Kentucky State Fair, in Louisville, will be the scene each night of a monster amusement revue preceding the \$10,000 Horse Show, which will be one of the paramount features of the celebration scheduled for September 9-14. This feature of the Fair's entertainment has grown from year to year, until it has developed into one of the most enjoyable and important attractions of the entire exhibit, and one which vies with the great Horse Show in popular interest.

The attractions announced for the State Fair make an imposing roster. In addition to Thaviv's great band of forty skilled musicians in military uniforms, the soloists of international fame and the bevy of wonderful ballet dancers accompanying his organization, who will give two concerts and exhibitions daily, the list of features includes the picturesque "girl act" billed as "Freddie's 1918 Bicycle Wonders" and made up of dainty feminine experts on wheels; Half De Lane Circus of marvelous animal actors of miniature size and amazing intelligence. This act is said to be magnificently equipped and the diamond harness of the animals has caused widespread comment. The famous Gell Troupe representatives of the "Far East." They number 7 Persian acrobats of whirlwind method and amazing feats. The Gell Troupe is costumed in Oriental splendor, and is distinctive in its line of entertaining. The Rodriguez Brothers, perch pole artists, guarantee thrills galore by means of their daredevil stunts on lofty vaulting poles. The Bogany Troupe are sensational acrobatic artists who work with a speed and vim which enhances their hair-raising maneuvers. Mr. and Mrs. Bert Davis as "Uncle Hiram" and "Aunt Lucindy" Birdseed are comedians who are the source of endless fun to fair patrons; Fred Zobel and his troupe of five are recognized as the leading equilibrists of the American and European field, and the lovely Lunette Sisters, in the "Whirling Gelsa Girl" performance, completes the list of Hippodrome attractions to be offered at the coming State Fair.
